

Trips and Activities included in the week!

We include trips and activities in your weekly timetable. The trips and activities are an important part of the learning process. We prepare for the trips in the classroom, you go on the trips with the teachers and get chance to experience English in action and practise your English outside the classroom. After the trip or activity your teachers will help you to consolidate what you've learned and practised. You improve your English, make some memories in English and spend time with your Language Academy friends.

Maggie, Robin and Shane from China studied with us in Summer 2015 and said:

'We really enjoyed the Lake District. There are great views and also some ducks and swans! We travelled on the old-fashioned trains and also took a boat to visit the lake.'

Preston City Centre

Student picnic

"I like Preston because it is a city, so you can find everything you want, but it's not too big or noisy. It's also near to other big cities like Liverpool and Manchester".

ENGLISH LANGUAGE SUMMER SCHOOL: JULY & AUGUST 2016

Themed Weeks: A powerful way to learn English

- Our courses are designed to improve students' speaking; listening; vocabulary; grammar; reading and writing through weekly themes or topics.
- Trips and activities are an integral part of each week's learning experience.
- Teachers go on the trips and lead activities to support both learning English and learning about British culture.
- Tasks or projects are linked to each trip and activity. Students prepare for each task beforehand with the teacher and do follow-up work from each trip/activity back in the classroom.
- Students make new international friends and have memorable experiences

Start any Monday

Social Programme included

Active English Trip with your teacher and classmates: 1 day during the week
